

## BOSE SOUNDCOMM B30 HEADSET

- 56-4001 BOSE SOUNDCOMM B30 HEADSET Dual sided, left side mic boom
- 56-4002 BOSE SOUNDCOMM B30 HEADSET Dual sided, right side mic boom
- 56-4003 BOSE SOUNDCOMM B30 HEADSET Single sided, left side mic boom
- 56-4004 BOSE SOUNDCOMM B30 HEADSET Single sided, right side mic boom

Acoustic noise cancelling technology coupled with a noise-cancelling microphone and an earpiece cushion design providing a good acoustic seal, provides increased attenuation of low-frequency noise providing clear audio for enhanced communications.

Durable and robust design with an improved level of comfort achieved through the contoured headband and earpads, good distribution of weight and low clamping force.

### SPECIFICATIONS
